Much work goes into preparation and submission of grant applications (some more than others) all done by volunteers as well as the contractors & suppliers of material in some cases. We appreciate all those who give their time to provide us with quotes. So, when a grant is not approved it affects many more than just the museum. We are disappointed to learn that our grant to offset a summer student employee as well as our application for a new outdoor artifact building were not approved.

*Over the summer someone on behalf of the museum may be contacting you by phone or in person to discuss your family history as we want to have all families living in Cranberry Portage along with those who have moved away to have their history displayed in booklet form at the museum. We have forms available but we will also be able to help you with filling out the forms or recording your stories.*
